

AHOJ EPOXY

B2B PORTFOLIO / EPOXY & WOOD

Objects made to be one of one.

Custom furniture, functional objects and decorative pieces where natural wood and resin form one distinctive composition.

Custom-made in Bratislava, Slovakia

B2B COLLABORATION

Distinctive pieces for commercial interiors.

We develop custom epoxy and wood objects around the dimensions, material language and function of a specific space.

HOSPITALITY

Dining and statement tables

OFFICES

Conference and meeting tables

RETAIL

Counters, tops and display pieces

DESIGN PARTNERS

One-off, project-specific objects

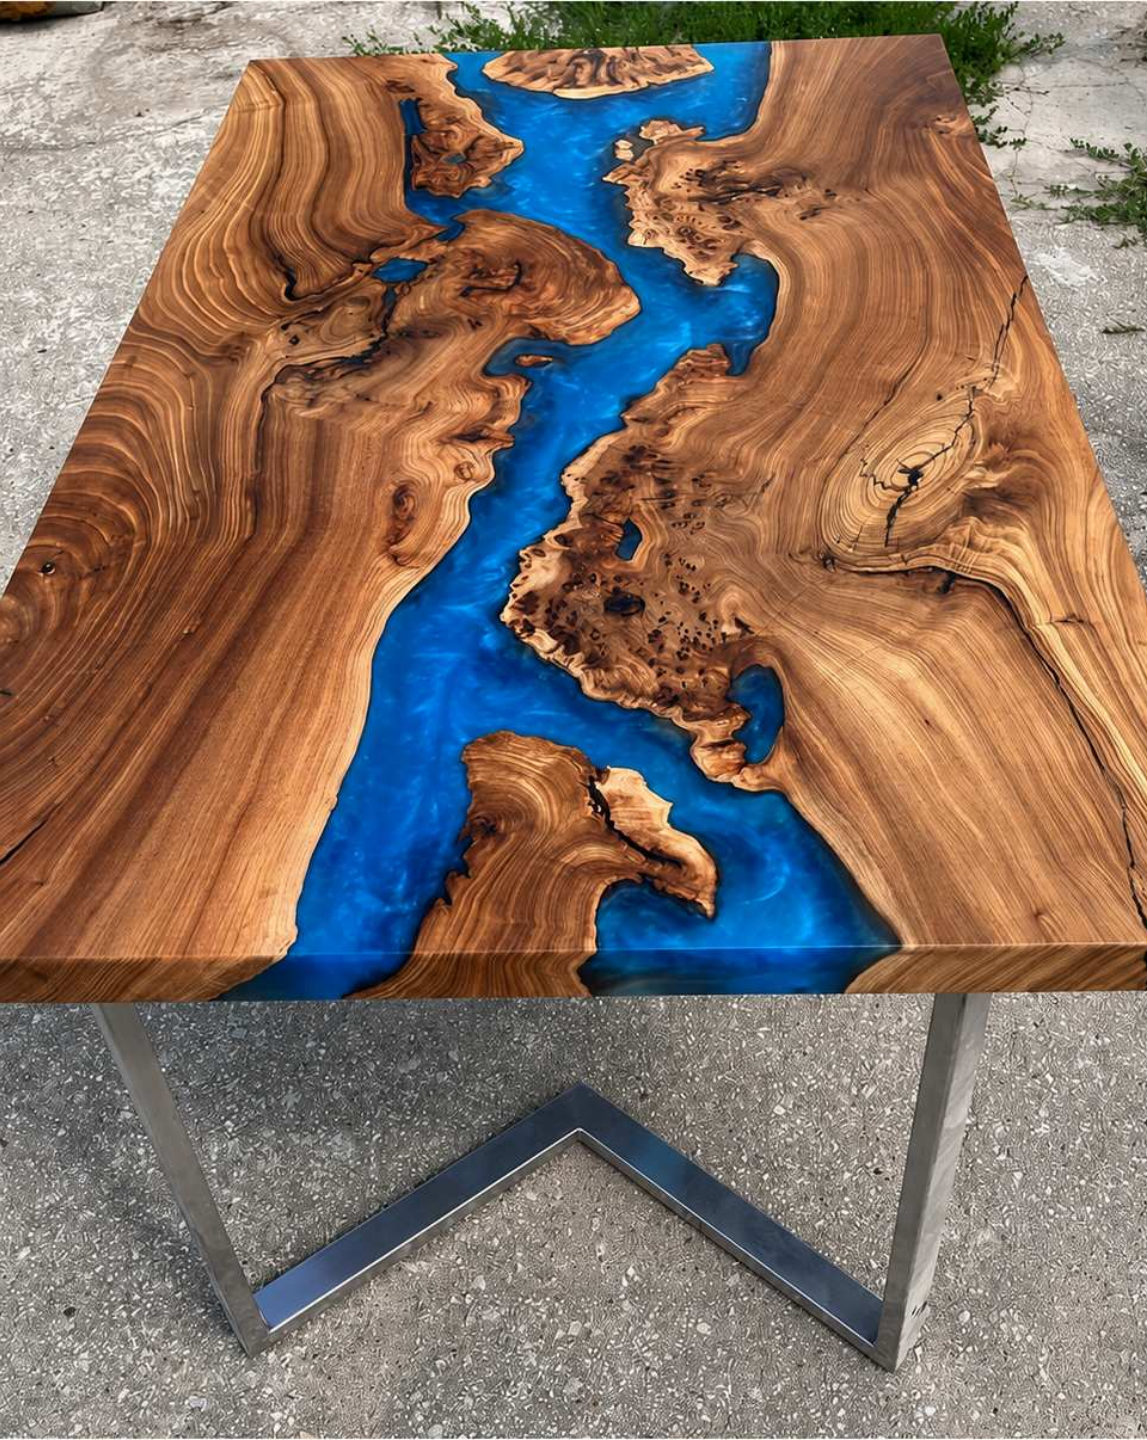

CATEGORY 01

TABLES

Dining, meeting and occasional tables where natural wood, resin depth and a carefully selected base become part of one composition.

Azure River Dining Table

A large-format live-edge table built around vivid blue resin, sculptural grain and a light geometric steel base.

Deep Blue Round Table

Burl wood and translucent blue-violet resin create a compact statement table with strong depth and edge detail.

Live-Edge White Resin Table

Organic live-edge timber paired with a clean white resin river - a bright, sculptural piece for dining or meeting spaces.

Forest Inlay Side Table

A compact round table combining natural timber, dark green resin, preserved moss and an organic concentric composition.

Black Resin Coffee Table

Warm wood grain meets deep black resin and dramatic white cellular detail in a compact round format.

Ocean-Inspired River Table

A detailed composition with vivid blue depth, natural wood forms and decorative elements embedded into the surface.

Botanical Resin Side Table

A delicate round table with preserved botanical inclusions, translucent resin and a warm wood accent.

**One-off pieces, developed
around a clear visual idea.**

RED VEIN COFFEE TABLE

BLUE LAGOON SIDE TABLE

CATEGORY 02

CLOCKS

Functional wall pieces treated as decorative objects - each composition built around texture, depth, preserved elements and contrast.

Amber & Black Resin Wall Clock

A graphic wall piece built around amber timber, a dark resin field, metallic hour details and fine mechanical motifs.

Botanical Resin Wall Clock

A transparent-resin clock preserving natural seasonal elements in a clean circular composition.

Maltese Islands Resin Wall Clock

A saturated blue resin clock featuring natural wood silhouettes of Malta, Gozo and Comino.

PROJECT POSSIBILITIES

From one statement piece to a coordinated interior set.

Formats can be adapted to the spatial concept: dining and conference tables, coffee tables, counters and tops, wall objects and custom commissions.
